

EasyFit Boltless Wire Shelving

3
YR
WARRANTY

Introduction

EasyFit Boltless Wire Shelving offers you three durable and attractive finishes. Chrome, for dry areas; Zinc plated with Antimicrobial epoxy coating, for wet or dry areas and stainless steel, for harsh or very wet situations.

With their modern (and dust-free), industrial-looking style, our chrome units are ideal for all sorts of storage and ornamental uses. Equally at home in the home, office, shop, restaurant or kitchen.

Each unit has five shelves and four posts with feet for levelling. Assembly's a breeze and needs no tools.

The shelf height adjusts to suit your storage needs and the system can adapt to fit different areas.

We also make a wide range of options and accessories, including posts, shelves, racks, baskets, castors, hangers, handles, dividers and ledges.

Features

- Quick and easy to assemble, without tools
- Versatile system, easily dismantled and repositioned
- Readily customised, using our options and accessories (see above)
- Add units to handle your needs if they change or grow
- Special sizes and accessories on request
- Three-year warranty
